## The DIMMER VIEW

by Max Goodwin

### The Bomb that Fizzled

All of us, including newsmen, have become super-sensitive to the expansion of riots and the threats of bombing.

Therefore, it is with some contriteness that we report a yarn revealed by the U.S. Press Association, of which we are member subscribers.

The USPA reports that a city of about 50,000 in population which has had its share of racial strife, riots, looting and other social revolutions during the past several months again became distressed when one of its residents, in a multiple dwelling apartment house, found a quart-size glass bottle on the roof of the building. A white cloth had been stuffed in the neck of a bottle filled with brownish fluid. The device had the unmistakable odor of kerosene.

A frightened lady, a resident of the building in which the device was found, called the Fire Department. The Fire Chief, whom we shall call Chief Redd (names are changed to protect the guilty) called the chief of the police department Chief White.

Chief White sent the bottle and its contents to the lab for tests. The laboratory verified that 50 per cent kerosene, sugar and other ingredients which could not immediately be verified made up the contents.

Alarmed, Chief Redd and Chief White pondered the prospect that troublemakers in the community were mounting a campaign of planting molotov cocktails in apartment houses occupied by whites. Each ordered overtime for firemen and police who inspected every such apartment house in the city over the ensuing three days and nights.

Nothing was found.

Perplexed, Chief Redd and Chief White waited anxiously. Whereupon, a teen-aged youngster marched into the Police Station. He had come, he said, because a tenant in his apartment building told him that the police had carried off his mother's bottle.

The Sergeant was amused until the boy gave him his address: the apartment building where the kerosene-filled bottle was found on the roof. Quickly Chief White was called to hear the youth's story.

His father, the boy said, had a very painful arthritis condition in his right shoulder. He worked at night in a manufacturing plant in the next town. Each afternoon, before leaving for work, his good wife, a native of an east Mediterranean country, massaged the shoulder with a home-remedy for arthritis which was used in her native country.

What was in it?

Half kerosene, sugar and boiled herbs which were grown in window boxes on the roof.

To be effective, the concoction had to be heated. The mother was afraid to heat it on the stove, because of the kerosene, and so she carefully placed the bottle in the sun on the roof each day before massaging the notion into her husband's shoulder.

The report is factual, according to the U.S. Press Association, but it shows again, the hazards facing any newsmen.

Anytime a newsmen jumps to a conclusion, he may be jumping to oblivion as far as his career is concerned. That is a reason why a newsmen must strive for the truth.

For this reason, among many, is why each reader can accept as truth the story provided by even the weakest reporter. Lacking truth, the reporter is without working tools of his profession.

### A Point to Ponder

When County Supervisors raised their pay this week by \$3,000, to \$19,000 a year, it gave reason for contemplation.

If indicted supervisors were found guilty of the charges involving Yellow Cab gratuities to them and to City Councilmen; and if the amounts involved were approximately \$3,000 — the size of the self-voted increase; and if the indicted persons have to repay that amount, would the beleaguered taxpayer, who must come up with the \$3,000 raise feel that he is underwriting the cost of the miscreants' wrongdoing?

It's a point to ponder.

CINDI SELLS CANDLES — Pretty Cindi Knight, a member of Mount Miguel's Distributive Education Club, sells candles, for Christmas. Members of the club will be selling the candles door-to-door this week and next, and hope to make \$500 profit.

## Junior High Teacher Gets Term In Prison For Theft of Camper

### Teacher Given 1-10 Years In Prison on Theft Charge

SAN DIEGO (CNA) — A La Presa Junior High School teacher Monday in Superior Court was sentenced to state prison for one to 10 years after being found guilty of stealing a truck and camper and of forging Department of Motor Vehicles registration papers.

John Wright Reardon, 32, of 4514 Third Ave., La Mesa, was apprehended by a quirk of fate, when the owner of the stolen truck and camper was discussing the theft with friends who live at the same address as Reardon and they told him such a truck and camper were parked at their apartment.

The victim was D. and P.

Truck Service, on Highway 94. The theft was reported on April 14 and on May 26 the stolen property was located.

Reardon was arrested the next day, at school. He denied that he had stolen the vehicle, valued at \$8,000, and was released on his own recognizance. He went to trial before a jury in the courtroom of Judge Bonsal Noon in early November and was found guilty on Nov. 11. Two counts of stolen checks were dismissed against him by the judge, and

the jury found him not guilty of two more check charges and of two counts of receiving stolen property.

The probation report to Judge Noon described Reardon as an inventor, well educated and presenting a good appearance, but as a man who finds it hard to tell the truth. The sentence handed down by Judge Noon is that "prescribed by law" for grand theft. It will be spent at the Chino Institution for Men, in San Bernardino County.

## DEAR SANTA CLAUS:

Each year youngsters write to Santa Claus and drop the letter in local mail boxes.

Because the Post Office is busy at this time of the year, the Post Master gives the letters to us. The letters are printed and a copy of the newspaper is sent to Santa where he reads the contents and fills the orders — if the writers have been good boys and girls.

Like these, for example:

Dear Santa: Please bring me a truck, a dune buggy, Wobble and Gobble game, a racing set.

I go to nursery school everyday and take my nap. I can do to ten all by myself. I dress myself and brush my teeth and hair.

### Fire Departments Get Praise From College

The fire departments of El Cajon, La Mesa, Santee, Lemon Grove, Lakeside, Spring Valley and San Diego have been commended by Grossmont Community College District Superintendent, Dr. Robert N. Burnham, for their prompt and efficient actions during the recent tragic fire at Grossmont College.

In a letter to the chiefs of the various fire departments involved in fighting the early morning fire, Dr. Burnham said: "On November 12, an art building at Grossmont College caught on fire and help was requested from the El Cajon Fire Department. It is my understanding that a mutual aid pact exists between the various fire departments in the Heartland area. As a result of this, assistance came to Grossmont College from all parts of the county.

"This assistance was immediate, efficient and from a grateful administrator's viewpoint, wonderful to behold. Because of this effort, what could have been truly a disastrous blaze became one of lesser significance, even though the damage is in the hundreds of thousands of dollars.

"The Grossmont College District and the Governing Board wish to express their sincere thanks and gratitude for the outstanding work done by the local fire departments. We know from reading in the papers of the great job done by firemen during our recent forest fires but it is only when it really strikes close to home that one can truly appreciate how outstanding these men really are.

"Once again, all of us in the Grossmont College District thank you for your prompt and able assistance in time of need."

The task of cleaning up the burned out building is expected to start this week followed by reconstruction with completion anticipated during the 1971 Fall semester.

### 15-Year Old Caught In Act Of Burglary

A Spring Valley youngster was caught in the act of burglarizing the home of Mrs. Barbara Lawson, 39, of 3031 Marshall ln., Spring Valley, November 23 at 10:15 a.m.

Mrs. Lawson, who had been the victim of several burglaries over the past few weeks, losing about \$15 over the period of time watched her house from across the street as the 15-year-old boy knocked on the door, then entered afterwards.

### Two Arrested At Hansen's Pond Nov. 24

A La Mesa man and a National City girl were arrested Nov. 24 in Spring Valley on charges of possession of marijuana and possession of narcotics paraphernalia after Sheriff's deputies found an ounce of marijuana near their vehicle and five hypodermic needles in the girl's purse.

The deputies were on routine patrol when they reportedly saw the vehicle parked on private property with a chronic trespassing problem, on the East side of "Hansen's Pond" near the corner of Sweetwater Springs Blvd. and Jamacha rd., in Spring Valley.

The two suspects in the vehicle were asked for identification, and it was noted, according to report from the Sheriff's Department, that one of the suspects had watery, bloodshot eyes. Both suspects, Michael Wantoch and Keelen Downey were on probation for narcotics violations.

A search of the girl's purse netted the hypodermic needles and a search of the area netted a baggie of marijuana, about ten yards from the vehicle.

## Dog License, Property Tax, To Take Big Bite Next Week

Take your choice.

You must pay either your dog license or your property taxes starting next week.

James E. Jones, County Tax Collector, recommends that you pay both.

1971 Dog licenses are now available locally.

Fee for one-year license is \$3 or two years for \$6.

After January 30, an additional fee of \$3 will be tacked on as a penalty.

No license will be issued unless the dog has been immunized against rabies. The vaccination will remain valid for the licensing period.

Locally, residents may apply to the S. County Animal Shelter at 8661 Jamacha Blvd., Spring Valley, or at the Tax Collector's Office, County Administration Center, 1600 Pacific Highway, San Diego.

Now about those property taxes. Deadline for first installment is December 10. Payment sent by mail must be postmarked on or prior to Dec. 10, he said. He also noted that depositing the payment in the corner mailbox does not nec-

essarily mean it will be postmarked before the delinquent date.

A six per cent penalty will be added after Dec. 10, he said. Jones said 13,000 more bills went out this year than last. The comparison is 391,000 to 404,000.

Moneywise, the County is

### Social Security

#### Tax Rise Probable

The 1971 Circular E. Employer's Tax Guide was distributed this week by the Internal Revenue Service of the Department of the Treasury. A notice on the cover, in boldface print, tells the sad story.

"At the time this Circular (no. 15) went to print, Congress was considering proposals to increase both the social security tax rate and the maximum amount of wages subject to social security taxes.

"If these proposals become law, Internal Revenue will use news media to provide supplemental advice and instructions."

collecting \$53 million, five-hundred and fifty thousand more than it did last year — or about 25 per cent more.

In 1969 billings were \$222,203,000. This year the total is \$275,758,000.

### Two Nabbed Here In Dawn Drug Raid

In all 26 persons were arrested — 13 of them juveniles.

Two undercover officers had been working on the cases for three months spending \$1,000 in local and state funds in buying hashish, LSD, marijuana, heroin and other drugs on which the indictments or warrants were based.

## Hardison's Telespanish

By JAMES HARDISON

"Vez" is an intriguing little word in Spanish. Pronounced "VEHS," it can mean "turn" or "time." For example, we may say "Llegara mi vez," for "My turn will come." The same phrases may be translated "My time will come."

"Cada vez" means "each time" such as may be seen in "Yo voy cada vez" for "I go each time." Also "la ultima vez" means "the last time." You may wish to use this in an expression like "Yo voy for la ultima vez" for "I am going for the last time."

"Una vez" means "one time." A good example of this expression is seen in "Yo lo hago una vez" for "I will do it one time." If you wish to increase the number of times we may change "vez" from the singular form to the plural for "veces." Upon doing this we simply say "una vez" for "one time," and "dos veces" (two times), "tres veces" (three times), "cuatro veces" (four times) and continue.

"A veces" is a short form for "algunas veces" and means "sometimes" or "on some occasions." Using this example we may say "A veces estudio" for "Sometimes I study," or we may say "Yo canto a veces" for "I sing on some occasions."

"Todas las veces" has an interesting use and can mean "whenever" or "as often as." Consider the phrase "Salgo todas las veces que puedo," which means "I go out as often as I can." Also we may say "Lo hago todas las veces que puedo" for "I do it whenever I can."

"Tal vez" is a rather unique way to say "perhaps." Thus you may wish to say "Tal vez regresare" for "Perhaps I will return." Another way to use the phrase is seen in "Tal

vez lo hago" for "Perhaps I will do it." Perhaps you will want to practice the phrases listed below. An automatic recording will say them for you when you dial 276-2762, now.

### IMPORTANT PHRASES:

Say "Llegara su vez?" (yeh-gah-RAH soo VEHS) for "Will your turn come?"

Say "Llegara mi vez." (yeh-gah-RAH mee VEHS) for "My turn will come."

### USEFUL PHRASES:

Say "Es la ultima vez?" (ehs lah OOL-tee-mah vehs) for "Is (this) the last time?"

Say "No es la ultima vez." (noh ehs lah OOL-tee-mah vehs) for "(This) is not the last time."

### OTHER PHRASES:

Say "Cuantas veces son?" (koo-AHN-tahs VEHS-sehns) for "How many times are (there)?"

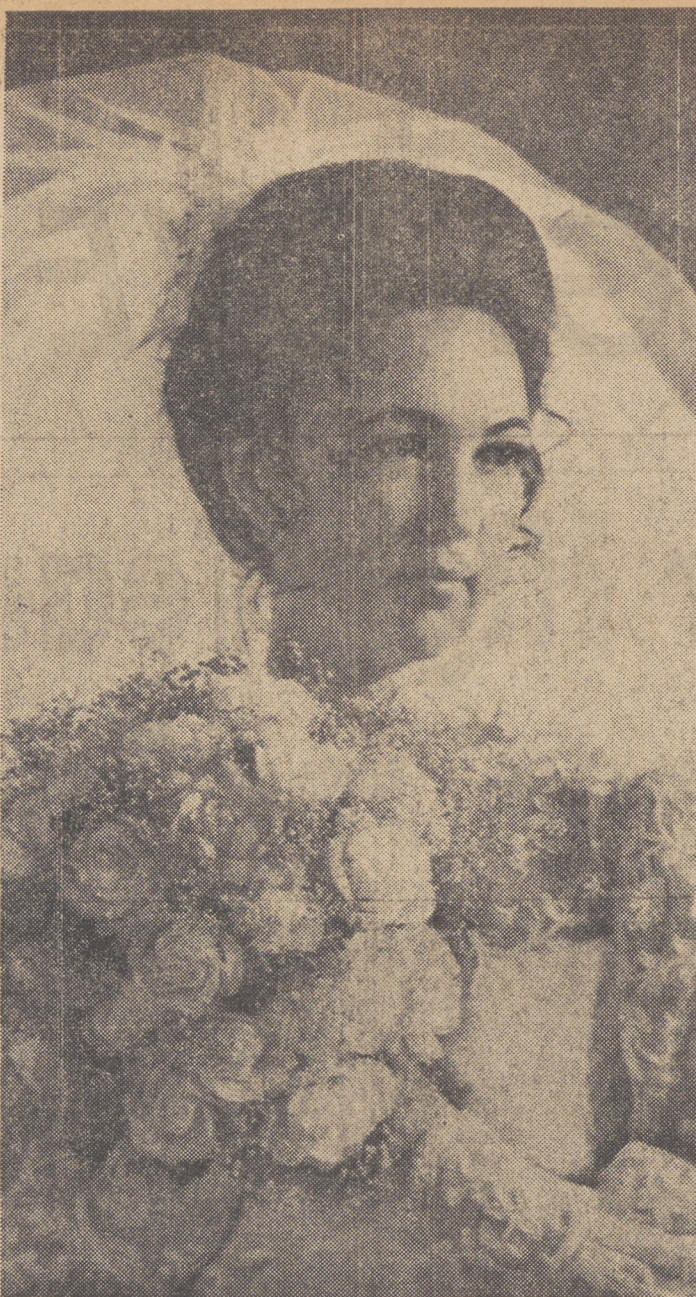

Say "Son cuatro veces." (sohn koo-AH-troh VEHS-sehs) for "(There) are four times."

## Broadway Improvement Meet Set

Postponement of one week of the public meeting for Broadway property owners was announced Wednesday by Bob Russell, president of the Lemon Grove Chamber of Commerce.

The meeting has been rescheduled for Friday, December 11, at 7 p.m. at the L. G. Junior High School.

The get-together is to come to agreement on a type of improvement for Broadway. Two proposals are to be examined. One would have center islands and traffic control curbs from Imperial to Kempf on Broadway without any embellishment at all. This is the improvement planned by the County Engineers for installation early in 1971.

A chamber endorsed plan would have the center islands landscaped and the adjacent Broadway parking areas paved with the upkeep and street sweeping as a part of an improvement district. In the latter case the ornamental light standards would be re-set to the center islands.

Reasons for the postponement of the meeting are several, Russell said. Statistics for presentation were available so late that announcements to out-of-town property owners didn't give enough time for all to accept the invitation. Several pleas to postpone the meeting one week were received by the Chamber, he said.

Representatives of the County will be on hand to answer questions at the Dec. 11 meeting, he said.

## Exhibit Set To Open On Saturday

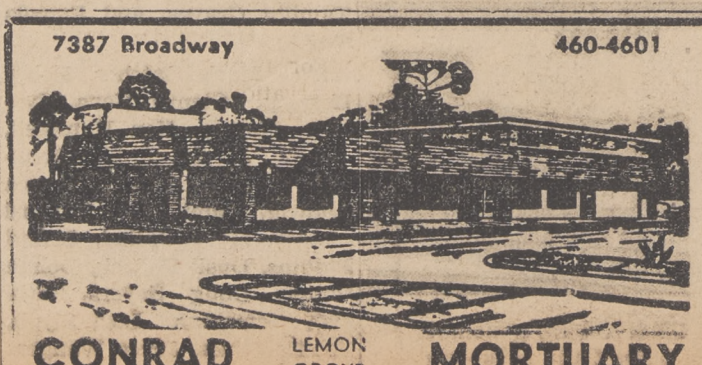

"Prints By Nine New York Painters," an exhibition of 45 works by internationally recognized painters, from the New York area, will be on view at the Fine Arts Gallery of San Diego, Balboa Park, Saturday through January 10, 1971.

This exhibition was organized and is being circulated by the Metropolitan Museum of Art as part of its centennial activities. The showing in San Diego will be the exhibition's only West Coast showing.

Preceding the local display, it was exhibited at the Israel Museum, Jerusalem, and from San Diego it travels to the Colorado Springs Fine Arts Center.

Today's leading painters are represented in the show. Robert Motherwell and Barnett Newman represent the generation working between the late 1940's and 1950's, while the postwar generation working in the 1960's is represented by Larry Rivers, Robert Rauschenberg, Jasper Johns and Helen Frankenthaler.

"Pop artist," Roy Lichtenstein and Jim Dine, much in the limelight today, are also included. As the title of the show indicates, these artists work in New York City. Lithography, etching, mezzotint, silk screen and embossing are techniques used in the production of the works included in the exhibition.

Airman Buczynski is a 1970 graduate of Monte Vista High School.

## Special Music Written For 'The Devils'

Special music has been written by faculty member Dr. Gerald Lloyd for the United States International University's School of Performing Arts first student production, "The Devils," being presented each evening at 8 p.m. through Saturday in the School's Theatre West, 350 Cedar st.

Dr. Lloyd, Administrative Head of the Music Division of the School of Performing Arts, also conducted the School's Chamber Orchestra which performed and recorded his music.

"The Devils" is a play taking place in 17th-century France. It is a powerful story with a cast of forty, telling in sweeping strokes of medieval superstition and human failing. It has been directed by Asaad Kelada, faculty of the school.

"Dr. Lloyd has provided us with two kinds of music," Kelada stated. "Original and adapted. The original is contemporary and serves to remind audiences of the eternal truths the play itself propounds. The adapted is from Baroque music and places the play in its proper time setting."

"Dr. Lloyd's music is essentially transitional and helps greatly in creating and sustaining the many moods of the play."

The public is invited to attend all performances. There is no admission charge; seating is on a first-come basis.

## Auto Racing Gets Ax At Cajon Track

Racing fans in San Diego County may have to look elsewhere next season as the County Board of Supervisors voted 5-0 not to grant an extension of a sublease held by Earl Brucker, Jr., and Tom Jackman.

The current lease expires at the end of next May.

Brucker, who said that he was not officially notified of any such action by the County, said that racing may start early this year in order to get 10 or 20 races in before the track closes down.

Brucker said that it was possible that the county wanted the land as a spot for rock concerts or "this sort of thing."

According to Henry Boney, chairman of the Board of Supervisors, the track was closed down because of complaints from residents in the area due to the noise, dust, and a general untidy appearance of the track.

The track is located adjacent to Gillespie Field, but Boney said that residents in the area complained more about the track than the airfield.

Boney could not say whether or not more complaints have been received in the past few years than previously.

Boney also pointed out that he had contacted the track three years ago and asked them to hunt for a less objectionable location for the racing action.

The outlook for local racing fans and drivers is dim, as the action will apparently have to shift to Orange County, or the South Bay Speedway.

Ed Hale, of Lemon Grove, the 1970 champion super stock driver at the Speedway, said that it would probably take five years or more to build up the following at the South Bay Speedway to compare with that of El Cajon.

That would mean less money, which in turn would draw less of the top drivers. Orange County is not only a long way to drive to watch a race, but also a long pull for drivers and crews.

Brucker said that he thought the race track was doing "the public good."

Brucker said that he will seek legal advice on the matter, then apply for a re-hearing or take legal action.

Meanwhile, the county has asked for a full report on how the long-term lease, held by Brucker's father, was prepared, which could mean that the county may try to re-acquire the lease.

Earle Brucker, Sr., holder of the 50-year lease, still has 37 years remaining.

**MONEY RAISER** — William Steinbach, right, presents a painting which he has just finished to Bob Bell, Spring Valley Kiwanis Club President, left, and Alex Struvers, coordinator of the project. The Kiwanis Club plans to donate the painting to the Mount Miguel High School Band, which will raffie the painting to provide funds for the trip to the Rose Parade January 1. The Kiwanis Club purchased the frame for the painting. Steinbach, who is an artist who runs an artists supply shop in National City, has won numerous awards in art shows for his works, and has been active in helping service clubs throughout the county. He reports that a painting he donated last year made nearly \$1,000, in a similar project.

## United Crusade Nears Goal Of \$6 Million

The United Crusade, in the first week of a three-week campaign extension, surged steadily upward toward its goal. Campaign leaders reported 83 percent of goal as the drive paused briefly for Thanksgiving.

Leonard J. Zanville, campaign chairman, announced that the Crusade had reached \$5,003,120 of its announced goal of \$6 million.

"The Thanksgiving holiday will give us time to prepare for a massive effort in our final and most critical week," he said. "If we are to fulfill our commitments to the 69 human care agencies who look to us for funds, we must — each of us — see that every call is completed, and every prospect seen."

**COMMITTEE** — Hal Brogan, principal at Palm Jr. High (back row, left), Dr. Griff Clark, of the L.G. Rotary, Rev. Jimmy Johnson, chairman of the group, Dell Lake, of the L.G. Kiwanis, James Dorman, of the Lions Club, and Craig Lake, L.G. Kiwanis, join Louis Poluzzi, principal of Lemon Grove Jr. High (front left), Mrs. Wayne Chubb, Palm Jr. High PTA, Jerry Peterson, Lemon Grove School District, and Al Woods, L.G. Chamber of Commerce as members of a committee which will establish a youth counseling and recreation center in Lemon Grove. The group, which met at Jansen's El Amigo Restaurant in Lemon Grove Tuesday morn-

ing, plans to set up a committee made up of members of the Kiwanis, Lions, Rotary, Chamber of Commerce, Planning Commission, and PTA's to start a local center where youngsters in junior highs and high schools can meet for recreation and counseling. The committee will also include youngsters. Johnson, who heads the project, noted that the project will be funded by the Kiwanis Club, which spearheaded the operation, other local service clubs, and community contributions. An organizational meeting is scheduled for December 10 at 11:45 a.m. at Jansen's El Amigo Restaurant.

## Mats Beat San Diego, Monarchs Edge Lincoln

Two local schools, Monte Vista and Mount Miguel, got off to good starts last week in opening games of the 1970-71 basketball season, as Monte Vista thrashed Lincoln, 71-62, and Mount Miguel outpointed San Diego, 70-60.

On Tuesday night, Mount Miguel looked ragged in the first period, as the Cavers jumped out to an 11-5 lead halfway through the quarter. But junior forward John Slater started hitting for the Matadors and brought his team even, 16-16, at the end of the period.

Slater and senior Tom Young went to work in the second period, drawing the Miguel team away to a 6-point lead, but San Diego came back near the end of the half to take a 31-29 lead into the dressing room.

A rugged battle followed in the third quarter, but junior Tim Miller came off the bench with the quarter nearly over to bring the Matadors together, sinking a 15-

footer with 2:01 left to give his team a 42-40 lead.

In the fourth period Tom Young and Sonny Crim started hitting from the outside while Slater continued to control the rebounds, and Mount Miguel put the game out of reach.

On Wednesday night, the county's number one team, Monte Vista, put a rugged press on Lincoln and jumped away to a 27-7 first-quarter lead in its opening game.

The Monarchs kept the press on throughout the first period to lead 25-13 when the whistle started second period play. Lincoln got through the press pretty well in the second quarter and cut the Monte Vista lead to 37-30 at half time.

Seniors Allen Bunting and Gary Earle sat most of the second period out on the bench with three fouls, but came back in the second half to keep the Hornets out of reach. Earle, the game's high scorer with 21 tallies, looked good on defense, and managed 14 rebounds.

Other Monarchs in double figures were Bob Papciak, with 15, Jack Cross, with 12, and Bunting with 11.

## Monarchs Take Second Place In CIF Finals

The Monte Vista Monarchs, the Grossmont League's top cross country team, finished second in the San Diego CIF championships held at UCSD last Wednesday.

The Monarchs finished behind the Clairemont Chiefs, who won with 32 points. Monte Vista compiled 58 points.

Tom Lux was the highest Monarch finisher with sixth position. Lux, a senior, was not a hundred percent, because of a pulled muscle suffered a week earlier. Tom's time was 10:24.

Monarch senior Tom Sims placed ninth with a 10:34 clocking. Sophomore Gary Close was 11th and junior Rick Duenes finished in 12th position. Their times were 10:37 and 10:41, respectively.

Clairemont's Dave Harper won the race with a time of 9:55.

The Helix Highlanders placed fourth in the team standings. The Highlanders were led by senior Ed Mendoza, who finished third, timed in 10:15. Helix scored 115 points.

The Matadors of Mt. Miguel finished in fifth position in the finals. The top Matador runner was Joe Stubbs with a 14th finish. Stubbs' time was 10:45.

Monte Vista should have an excellent team next year, with Close, Duenes, and sophomore Tom Wendt returning.

The age-corrected death rate from strokes declined 21 percent between 1950 and 1967, according to your San Diego County Heart Association.

**READY FOR MEET** — Local Junior High cross country runners, following the La Mesa Recreation Department's championship meet last week, were busy tuning up this week for the "big" meet scheduled for

this Saturday morning at Granite Hills High School. The meet will get underway at 10 a.m., with a division for eighth graders and one for seventh grade runners.

## Matador Wrestling Team Wins Three Meets, Takes Tournament

The Mount Miguel High School wrestling team didn't waste any time getting the season started last week, as the Matador mat crew won three dual meets en route to the title in the University Wrestling Tournament.

The Miguel muscle squad spent six hours on the mats last Wednesday as they romped over Kearney, 34-8, crushed Morse, 49-7, and outgrappled University High School, 31-24.

Coach Ned Blass's wrestlers, of which seven had been working out on the mats for less than one week, picked up 14 pins in the action, including three by Mark Schuff in the 148-lb. class.

Three other Mount Miguel grapplers got a pair of pins: Dale Sison, 106 lbs., Lee Stewart, 178 lbs., and heavy-weight Steve Schroeder.

Schroeder made the quick-est pin of the day, nailing his man after only 28 seconds in the match against Morse. Sison was a close second for that honor, pinning his first opponent, against Kearney, in 85 seconds.

**Winning Season**

Grossmont College football coach Clint Whitfield was talking three weeks ago how it win their last two games of 1970. Grossmont had just lost two straight to Citrus and Saddleback, and was 2-3 in Mission Conference play with a 3-4 overall mark.

"I sure would like to win our last two against Chaffey and Southwestern," said the Griffin mentor. "If you win your last two, you can forget some of the bad things that happened in the middle of the season."

Grossmont belted Chaffey by a 36-22 score, and completely dominated Southwestern to close out the season by a 28-0 margin.

The two victories left the defending conference champions with a 5-4 season record; the third straight winning season for Whitfield. In his three seasons as head coach at Grossmont, Whitfield has an overall record of 17-11, and finishes of second, first, and third in conference play.

True the competition in the Mission Conference hasn't been as tough as in the Pacific Southwest Conference, so a scale must be drawn against teams that have remained on the Griffin schedule.

## 'Punt, Pass and Kick' Is Stadium Added Event

The San Diego debut of "Punt, Pass and Kick" headlines a big list of pre-game and halftime attractions at the game between the San Diego Chargers and Cincinnati Bengals at San Diego Stadium Sunday.

The popular youth football competition will be held approximately 20 minutes before the 1 p.m. game. The Granite Hills High School Band also will perform before the game and the Mt. Miguel High School Band will entertain at halftime. A Pop Warner game between the Santee-Lakeside Vikings and the Seaview Sharks follows the game.

"Punt, Pass and Kick" is a nationwide competition among boys, 8 through 13, under the sanction of the National Football League. In its 10th year, the program for the first year is being held in former AFL cities such as San Diego.

Twelve boys will compete Sunday in the San Diego regionals. The six winners will advance to the AFC Division finals to be held in San Diego at the Chargers-Chief game on Dec. 20. The six AFC winners will compete against the NFC champions in the finals at the Pro Bowl game at the Los Angeles Coliseum on Jan. 24.

Scoring is based on distance and accuracy. One point is awarded for each foot the ball travels in place of a thick one. This makes a tastier sandwich and, it is easier to eat, too.

## Maravich Passes Great, But Rockets Take Game

By Tom Blattler  
Pistol Pete Maravich may just be the best passer in the NBA. For one thing, he is the most exciting.

Maravich, a 6-foot-5 200 pounder, was better known for his scoring accomplishments at LSU, rather than passing, since he holds 11 NCAA records, 16 Southeastern Conference marks, and 22 school records.

But last Friday night at the Sport Arena, he dazzled the largest crowd of the season, 10,881, with his fantastic passing, although the San Diego Rockets nipped his Atlanta Hawks, 128-127.

Pete threw behind-the-back bounce passes with the greatest of ease, and utilized the one-handed pass well.

Although the Pistol hit only five of twenty-one shots, many of his shots went in and out of the basket, and he finished the contest with 16 points.

Maravich is averaging 19.4 points per game in his first (Continued on page 6)

## Chargers to Test Cincinnati's 'Streak' In 1 p.m. Sunday Fray

Beautiful San Diego Stadium, queen of Mission Valley and mistress of pro football thrills. It will be a welcome sight for the San Diego Chargers.

After three stormy weeks on the road, the Chargers (4-5-2) return home to battle the streaking Cincinnati Bengals (5-6) on Sunday. Kickoff is 1 p.m.

The Chargers have played 10 consecutive NFL games in San Diego Stadium in 1970. All have been decided by three or less points. First 10,000 fans through the gates Sunday will receive free the new large color team picture of the Chargers, courtesy of the Big Dodge Dealers of San Diego.

Cincinnati has won four in a row, longest win streak in the club's three-year history. The victories came over Buffalo, 43-14; Cleveland, 14-10; Pittsburgh, 34-7, and New Orleans, 26-6. Suddenly master coach Paul Brown has his young team tied for first place with Cleveland and Pittsburgh in the AFC Central.

San Diego had its AFC West title hopes dashed by the powerful Kansas City Chiefs, 26-14, before 50,315 at Municipal Stadium last Sunday.

Encouraging for the Chargers was the play of their forward lines. Charger defensive linemen sacked Lenny Dawson three times while the big Kansas City line only once got to John Hadl. Tackle Terry Owens shut out Aaron Brown

without a single game tackle. Tackle Russ Washington limited Jerry Mays to one.

Linebacker Pete Barnes was a Charger titan with 10 unassisted tackles and his third pass interception of the season. Cornerback Bobby Howard guarded Otis Taylor to one 13-yard catch.

Gary Garrison's 11th touchdown catch of the year and the 50-yard average for six punts by Dennis Partee were Charger offensive highlights.

Cincinnati boasts one of the strongest running attacks in the NFL. Jess Phillips and Paul Robinson can slash and dash and quarterback Virgil Carter is a dangerous scrambler. Big Bob Trumpy is the all-league tight end. Hero of the hometown burgermeisters, placekicker Horst Muhlmann is second only to Jan Stenerud in AFC scoring with 82 points.

Defensively the Bengals feature strong middle linebacker Bill Bergey, flashy rookie cornerback Lemar Parrish and end Royce Berry, who recovered two fumbles and blocked a field goal against New Orleans last Sunday.

Former Chargers on the Bengals are tackle Ernie Wright, defensive end Martin Baccaglio, free safety Ken Dyer and defensive coach Chuck Weber. Sunday also will be a homecoming of sorts for Paul Brown, who owns a home in La Jolla.

San Diego leads the series between the clubs, 3-1.

## Late Prep Scores

### Basketball

Led by forwards Gary Earle and Jack Cross, the Monte Vista basketball team trounced the Poway Titans, 67-47 Tuesday night in the losers' gym.

Earle, a senior, was the games leading scorer, canning 21 points. Cross, a junior, had 14 tallies and 11 rebounds for the winners.

Also hitting double figures for Monte Vista were seniors Alan Bunting, and Carl Stucke, with 12 and 11 respectively.

The Monarchs will take on the Morse Tigers tomorrow night at Morse.

### Wrestling

The Monte Vista wrestlers, in the opening meet of the year, crushed the Lincoln Hornets 49-6 last Tuesday in the Hornet Gymnasium.

Senior standouts Tom Cote, Steve Sleury, and Randy McCorquodall led the way for the

home town school by pinning their opponents.

The Monarchs will be competing in the annual Kiwanis Tournament held at Southwestern College today and tomorrow.

### Basketball

The Mount Miguel basketball team, following a season-opening win over San Diego, dropped its first contest of the year Tuesday afternoon, 62-57, to Lincoln.

Senior Tom Young led the Matadors in a losing cause, dropping in 18 points, while teammate John Slater added 10.

Mount Miguel jumped out to an early lead, commanding the game, 18-15 after the first period. Lincoln came back in the second period to take a 30-29 lead into the dressing room.

Lincoln drew away in the third period, then held off a late Mount Miguel rally in the fourth period to win.

## Gulls To Take Whacks At Denver Spurs Sunday

SALT LAKE CITY — The San Diego Gulls close out a short, two-game road trip here tonight, facing the Salt Lake Golden Eagles, and then return home for a Sunday night encounter with the Denver Spurs.

The Sunday night game will start at 7 p.m., and will be the Gulls' fourth Family Night of the year. There will be a minor hockey game at 5 p.m., and public skating on the Sports Arena ice following the Gulls' game.

The Gulls carried a four game winning streak into Denver last night, where they opened the current road trip after tonight's game here in Salt Lake, the Gulls will come home.

Saturday will be Gulls' Day at Sears, with players at the Sears stores in San Diego, Chula Vista and El Cajon to sign autographs and talk hockey. There will be pictures of Gull players, plus a puck shooting contest at each store, with a road trip with the Gulls as a prize.

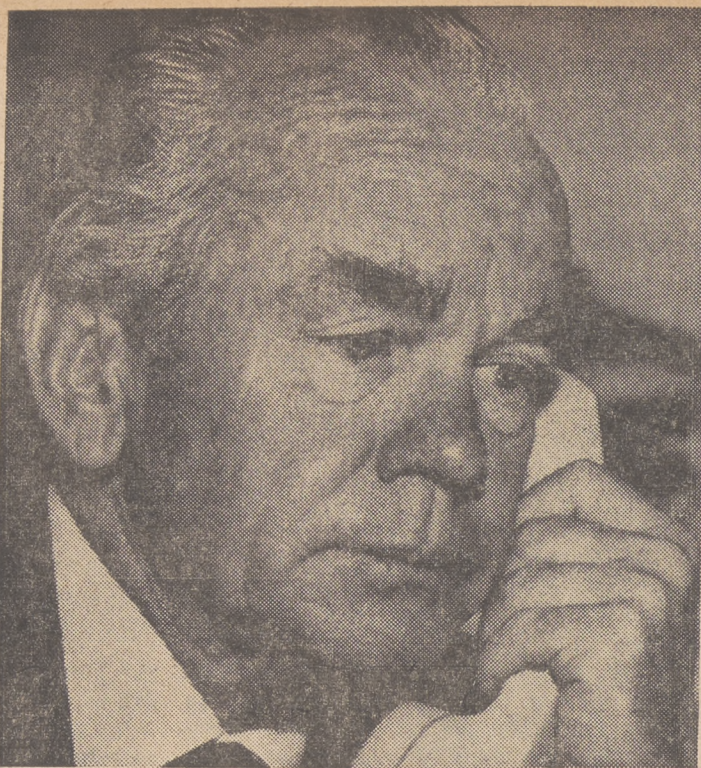

Sunday night, the Gulls will be facing a vastly improved Denver team, featuring for-

mer Gull Warren Hynes. The Spurs have been playing well lately, and are pushing the Gulls and Seattle for runner-up spot behind the Portland Buckaroos.

In last week's activity, Jack McCartan led the Gulls to three straight victories. On Wednesday night, the Gulls beat Salt Lake, 3-1; on Friday night in Phoenix, the Gulls battered the Roadrunners, 7-1, and Saturday night at the Sports Arena, McCartan was outstanding as the Gulls edged Phoenix, 2-1.

The three goals in three games performance by McCartan dropped his average to 2.50 for the season. He also had an eight-game unbeaten streak going into this week's action.

The Bob Courcy, Gerry Goyer and Al Nicholson combination continues to score at a torrid pace. Courcy is leading the league in both goals and points with 20 goals, 20 assists for 40 points in 23 games. Goyer and Nicholson started this week 2-3 in the WHL point derby with 34 and 30 points, respectively.

**COMMUNIT SERVICE CALL** — Publisher Clinton D. McKinnon is chairman of ad hoc committee to nominate 39 citizen members of a new Countywide Human Relations Commission. Nominees are to be appointed by San Diego County Board of Supervisors to serve one to three year terms.

Nomination list is being closed soon, with final action to be taken about Dec. 10, McKinnon says. Commission will be governing board of Human Relations Agency dealing with minority problems and the nominating committee is seeking a thorough mix, not only racially, but geographically and by age.

Minorities scheduled to be represented include blacks, browns, orinetales, Indians, Filipinos, and Samoan.

Pistol Pete has to be the best basketball entertainer since Bob Cousy and Hot Rod Hundley, if not the best of all-time.

Pete may make rookie mistakes in his first year, but there is no doubt that Maravich has the talent to be the biggest attraction in pro basketball history.

Maravich was drafted third in last year's college draft after being passed up by the Rockets, who drafted Michigan forward Rudy Tomjanovich.

Two other rookies, both on the Rockets, showed their stuff last Friday. Forward Don Adams hit his career high of 33 points, and 5-foot-9 guard Calvin Murphy had 22 pints and eight assists, while subbing for the injured Larry Siegfried.

The Rockets will be home Saturday night when they meet their upstate rivals, the Los Angeles Lakers, at the Sports Arena at 8 p.m.

Gorillas do not kill to eat.

## Courtroom Drama To Open Tonight At Cassius Carter

A national scientific hero is accused of severe security violations during the emotional courtroom drama "In the Matter of J. Robert Oppenheimer."

Capsulized for dramatic purposes by Helmar Kipphardt, the play retains the integrity of the complete 1954 Atomic Energy Commission hearings. This explosive challenge between service to the nation and individual integrity will open tonight at the Cassius Carter Centre Stage.

"In the Matter of J. Robert Oppenheimer" will be presented in the theatre-in-the-round nightly except Monday through December 20. A single matinee is scheduled Sunday, December 20.

During World War II, Dr. J. Robert Oppenheimer was the nuclear physicist recognized as the principle developer of the first atomic bomb. Following the war, he was assigned to develop the means for exploding the hydrogen bomb. In 1954, Dr. Oppenheimer's security clearance was cancelled and a hearing held to determine his future security status.

Oppenheimer is accused of willfully delaying the development of the hydrogen bomb which aided the enemy, consorting with Communists and Communist sympathizers and concealing the fact that a

known Communist was working in his laboratory.

Members of the impartial Personnel Security Board weigh testimony brought forth by attorneys of the Atomic Energy Commission and that of counsel for Dr. Oppenheimer. Witnesses at the hearings include former scientific associates and security experts assigned to the bomb

development project.

Sheldon Gero returns to the Old Globe Theatre to portray the complex, idealist physicist Dr. J. Robert Oppenheimer. His defense attorney will be played by four time Atlas Award winner John Ellsworth.

The Rockets had climbed above the .500 mark in weekend wins over Atlanta, 128-127, and Phoenix, 117-116. They took a 14-13 record into Tuesday's (Dec. 1) game at Portland and will be resting until Saturday's clash.

John Block, out since Nov. 18 with a sprained back, is expected to return to action Saturday.

## Storm Leaves 1.79 Wet Total

The rainfall was heavy — but no damage was reported. The week-end good news was that 1.79 inches of rain fell in the Spring Valley-Lemon Grove area.

Don Norvell, meteorologist for the L.G. Fire Station, said that rainfall totaled .74 inches Sunday and 1.05 on Saturday.

Wednesday the gauge recorded .79 and it trailed off to .04 Thursday and nothing on Friday — then came the storm!

In October .11 inches was measured with .03 measured in July, bringing the season total to 2.76 inches.

The total compare with 1.15 inches for the same period last year.

## Rodeo Planned December 13 At Kearney High

A safety skill rodeo will be held December 13, 8 a.m. to 4 p.m., at Kearney High School, at the corner of Linda Vista road and Arrow drive. Sponsored by the Bay Ford Mustangs, the event will benefit the Home of Guiding Hands.

The rodeo is not a speed contest, but a test of the driver's skills, such as driving around posts, braking, and turnings. All makes and models of car are eligible to enter. There are three categories of cars — sports, full size, and trucks — in men's and women's divisions. Trophies will be awarded in all categories.

The entry requirements are that the car must pass a technical inspection, to make sure it is safe for the course, and the driver must have a valid driver's license. The entry fee is \$2 per person, \$3.50 per couple.

Pre-entries can be made at Bay Ford or by mailing the fee to Bay Ford Mustangs, 4570 Mission Bay dr., San Diego, 92109.

## We Goofed . . .

In last week's issue, a photo appeared regarding laprobes which are given to patients at Navy Hospital.

The organization referred to in the caption is actually the Barracks 1774 of the WWI Veterans Auxiliary, and not the Lemon Grove VFW Auxiliary, as it was erroneously reported.

Mrs. Marie Olsen, of the WWI Vets Auxiliary also pointed out anybody wishing to help in the project can contact her at 469-5845.

## LG Fire Report

The Lemon Grove Fire Department answered four fire calls this past week, all of them to burning cars. Three of the calls were on Nov. 23 and the fourth on Nov. 24.

At 9:55 a.m. on Nov. 23, firemen and equipment went to Federal and College, where an old car, belonging to Richard Williams of 8780 Hayes, La Mesa, was totally destroyed, due to leaking fuel. The loss was estimated at \$100.

At 4:26 p.m., the same day, firemen went to the Grove turnoff from Highway 94, where a car belonging to a Reg Hoems was burned in the amount of about \$75, due to faulty wiring.

And a 12:19 p.m. firemen went to the Grove turnoff to a car burning, the car belonging to Katherine Rehverger of Alpine. The car had been overheated, due to loss of water.

On Nov. 24 at 12:43 a.m., firemen went to 7555 Pacific, where a car, belonging to George Prince, sustained burned seats. Damage was estimated at \$50, the cause probably a lighted cigarette.

## Fruit Fly Threat Diminishing Here

The threat of an established infestation of Mexican fruit flies in San Diego County is diminishing with each passing day, reports James R. Carlin, San Diego County Deputy Agricultural Commissioner.

Seven native Mexican fruit flies were found in San Diego earlier this year, the last one on July 31. Over 2000 traps were deployed in the San Diego metropolitan area, from San Ysidro to La Jolla. Each one has been inspected weekly, but no more of the crop-damaging fruit flies have been found.

Inspection crews also examined several hundred pounds of host fruits in the vicinity where the native Mexican fruit flies were trapped. Results of this inspection were negative.

Carlin said most of the traps have now been removed and the intensive inspection program has been ended. However, the inspection of detection traps placed on a one-mile grid in all residential areas of the County will continue.

All residents who were contacted about this Mexican fruit fly detection program cooperated freely, and their help has been tremendous, Carlin said. He urged home owners to be on the lookout for this dangerous plant pest, and to report any 'finds' to the County Department of Agriculture.

## Cranston-Led Coalition Passes Bill

Senator Alan Cranston (D, Calif.) last week led a bipartisan coalition in beating back an Administration effort to pass on to the states and local property owners an estimated \$211.5 million in welfare costs which traditionally have been borne by the federal government, he said.

The cost to California, had the Administration succeeded, would have been around \$78,700,000 for the current fiscal year, Cranston added.

In London a postmas is supposed to complete his morning round by nine o'clock.

## Registration Renewals Reported In The Mail

Fourteen million registration renewal reminders for 1971 have begun moving through the mails to California motorists, Department of Motor Vehicles Director Robert C. Cozens announced this week.

He said this is the fourth straight year that notices went in the mail late in November instead of after Christmas — giving motorists a chance to register early during the entire month of December. However, the traditional convenience of renewal at many banks will not be available until after New Year's Day.

Registration renewal will afford many motorists an opportunity to apply for personalized license plates. Already more than 10,000 car owners have paid the \$25 application fee for these plates, putting the first \$250,000 into the California Environmental Protection Fund. More than 100 applicants a day are asking for plates of their choice.

Nearly all addresses will carry zip codes for the first time. They are inserted by a computer "trained" to derive

## CoC Light Contest Still Open

It's still time to enter the L.G. Chamber of Commerce home lighting contest.

Al Woods and Jim Dorman, co-chairman of this year's event, said that no formal application is necessary for homeowners to be in the running for one of four plaques to be given for the best decorated residence.

Residents may enter the contest by calling Joyce Foss, chamber secretary, at 469-9641, or by visiting the chamber of commerce at 3415 Imperial ave.

Trophies are donated by the S.D. Gas and Electric Co. and the L.G. Chamber of Commerce, jointly.

## Tramway to Winter Wonderland Draws Visitors to Palm Springs

by Max Goodwin

It's like a Winter Wonderland with a homecoming party thrown in — both a mile-and-a-half in the sky.

And it's close enough that you can go there and back the same day.

The Palm Springs Tramway is both of these, and more.

On a busy day more than 2,000 visitors make the 20-minute ascent to the 8,516-foot level of the lodge in 80-person capacity trams. They are transported in the short time to a different world. Usually it is hot at the Palm Springs 848-feet-above-sea-level elevation. It is only slightly cooler at the Valley Station at which the tram starts. It is 2,643 feet high at the end of a good paved road.

But the transition begins almost immediately. Few people will have seen such rugged wilderness from a close-up position. Nor will many have experienced the change from desert heat to snow covered terrain in so short a span of time.

The tram is one of the engineering wonders of the world. Five steel towers were installed by helicopters and the huge and beautiful lodge was built from material brought up on the cable-powered trams.

In the lodge is food and drink. A surprisingly reasonable roast beef luncheon was less than \$2. A cocktail bar keeps patrons especially happy because of the effect of alcohol is magnified by high altitude.

### HIGHEST BROADCAST STATION

An FM radio station broadcasts atop jutting rocks which pierce the floor of the lodge at one point. The operator is a disc jockey who combines popular music with pleasanties about Palm Springs. There is no glass enclosure — just the electronic equipment and an announcer on the rocks near the middle of the lodge. It is said to be the highest (8,516 feet) broadcast studio anywhere.

Outside the air was brisk. Youngsters were playing in the snow or with slabs of ice formed by snow which had melted the day before.

A winding concrete walkway leads downhill into the 13,000-acre Mt. San Jacinto State Park. The walkway has heater coils imbedded so that the descent to the park, with its 54 miles of hiking trails and five campgrounds, may be made without icy spills.

At the lodge, as well as the valley station, are gift shops, restaurants, recreation games with pin-ball type games, cocktail bars and observation decks.

My invitation to view the Aerial Tramway came from a transplanted San Diegan: a fellow named Lisle Shoemaker. We had been well acquainted during the final days of the old San Diego Daily Journal. Later he was associated with KFMB TV and with San Diego advertising agencies. He had moved to Palm Springs because of his wife's health. He luckily became associated

with the Tramway and now the attendance is beginning to soar.

### AWE-INSPIRING SIGHT

As with many people, the idea of being pulled up the side of a mountain on a tram suspended from a cable didn't do much for me — but I got converted Saturday. It was awe-inspiring. The visitors were outgoing and friendly. There was no feeling of one-upmanship here. Everybody pays the same price (\$3.25 for adults, \$2.25 for juniors and \$1 for 4-12-year old youngsters.) and nearly everybody is there for the same things: namely the exciting tram ride and the wonders of mountaintop nature.

The feeling of homecoming is fun, too. Visitors greet neighbors from their hometowns as they share the great outdoors.

Shoemaker and I had hardly greeted each other when Maxine Foote, a transplanted realtor from Del Mar walked into his office. She is employed by the Tramway people. They take a bit of kidding. You know, "Shoe" and Foote working together. But the homefolks atmosphere was immediately introduced.

General manager of the place is O. L. McKenney, former manager of Del Mar Race Track. McKenney is well-known to most everyone in the San Diego news profession. That projected the feeling of homefolks.

We were sitting at the cocktail bar at the mountaintop lodge talking about hometown folk when Chuck L. Boyd walked up. He is a former photographer-columnist for the Union and Tribune in San Diego and is now assistant promotion director for the Southern California Visitors Council. He was on assignment to shoot color photos. The day became a series of reminiscences as we drank and ate.

**SNOW DRAWS CROWDS**  
Shoemaker's major concern was snow. A snow-guessing contest was won a few days earlier with an estimate of one and a quarter inches. The weather bureau had predicted snow the next day and clouds hung heavy across the mountaintops. The day changed slowly from sunlight to haze. On the trip down lowering clouds could be seen in the distance. Maybe the weather bureau knew something.

During the night the rain came. It rained almost continuously and Palm Springs streets in many parts were flooded. It was raining hard when we left Palm Springs.

As we passed the turnoff on the major route home Sunday, clouds still covered peaks of the nearby mountains but cars, loaded with fun-seekers were headed up the gentle grade to the valley station of the tramway.

Through a break in the clouds we could see the Mount San Jacinto State Park Mountain peak. A majestic mantle of snow covered the crest.

We thought how happy Messers. Shoemaker and McKenney would be — and of the snow fun that would be enjoyed by another 2,000 or so people that day.

Shoemaker had summed it up pretty well when he explained "many California residents bring their youngsters up here to frolic in the snow because it's so convenient. They have told their youngsters about the snow and thought of 'going back home' for the kids to see it. At the Tramway, they find convenient parking, easy boarding of the tram, and Mom and Pop can sit in the lodge and relax while the kids have all the snow fun they can take."

The Aerial Tram is just off State 111 which connects Palm Springs with Interstate 10, the major east-west freeway. It's about three hours driving time from here, allowing for a couple of gas and eat stops — and well worth the trip.

SIGNS OF THE TIMES — Remodeling was well under way for Lemon Grove's new organ-theatre, when some wag felt called-upon to plant a "dump" sign on the debris. The remodeling, being done by Southland Music Center, 3459 Imperial, will continue for the next six months at which time one of the southland's theatre-organ showplaces

will result. Organ recitals and organ shows against a backdrop of silent movies will be featured. The debris is hauled away regularly but more is accumulated from the remodeling, Jim Hansen, spokesman for Southland. "It's a sign of progress," he noted.
